MEMORANDUM FOR: Warning Working Group

FROM : David Y. McManis  
National Intelligence Officer for Warning

SUBJECT : Warning Working Group Meeting Agenda for  
26 May 1983 Meeting

1. The following topics are proposed for the next meeting:

a. Briefing by CIA/OGI on Instability Indicators and CIA initiatives in this area.

b. Discussion of Warning Vehicles. Ref my memo of 11 May on the Warning Reporting Vehicles Seminar, there seems to be sufficiently differing views to warrant further exploration of this proposal.

c. Discuss the relationship of the NIO/W and NWS with Service Professional Military Schools. I see some merit to pursuing the suggestions in the attached Army War College Memo.

d. Outline a proposal for a primer on "intelligence warning" for incoming policy community leaders.

e. A brief review of community warning or warning-related initiatives.

f. A review of the NIE on Warning of War in Korea--some observations on the process.

g. An update on NIO/W initiatives.

2. Other agenda items are welcome. If there is a need to inform the WWG members prior to the meeting, please send the Agenda item directly to all members.

Dear Mr. McManis:

On behalf of the students of the "Warsaw Pact Strategy, Planning, and Operations" Advanced Course at the US Army War College, I want to thank you for taking time from what I know is a busy schedule to come to Carlisle Barracks and address the complex subject of "Warning." It was a broad front to cover and you did an absolutely outstanding job.

The faculty was also appreciative of your comments during our morning session. As a result of that discussion, I will give you the address for correspondence and the name and phone number of your Point of Contact within the Strategic Studies Institute, who has responsibility for the written requirements of the Military Studies Program at the US Army War College.
